I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I
OBJECT to the definition of "inordinate amount" which restricts the availability and
the right to obtain necessary compounded medications by limiting the number of
prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

Comments: For the last 9 years I have been taking medication
prescribed by my Dr. from a pharmacy. The above proposal
would restrict. I was seriously ill and without this
medication I would not be well enough to
write this brief note. You must respect the
needs of all citizens to obtain the health care
we need so desperately.
